

Face And Body Radio Frequency

C A P A C I T I V E A N D R E S I S T I V E

This system is revolutionary because it employs a non-invasive technology and visibly compacts, firms up and tones the tissues.

The aesthetic treatment with radio frequency exploits the principle of heat transfer: during treatment, the electromagnetic wave generates heat, that is transferred to the deep layers where it denatures and contracts the collagen fibres in the connective tissue. The result is an effect of stretching, toning and cohesion of these tissues. At the same time, the radio frequency stimulates fibroblasts into producing new collagen, which at-

tenuates wrinkles and gives a natural lifting effect to the skin. RF is advised for cases of flabby skin, RF is also a good option against flaccid cellulite, localised fat, and in the presence of scars, stretch marks, or acne lesions.

The device is indicated to apply treatments such as: **Revitalising, Detoxifying, Toning, Slimming, Anti-Cellulite.**

FACE AND BODY RADIO FREQUENCY Modulated radio frequency to treat blemishes on face and body. Radio frequency is one of the most modern techniques available to fight skin ageing and relaxation. The bio-physical effect of RF is based on the conversion of electric energy into heat; the heat is created by the molecular oscillation caused by a rotational shifting of the intracellular electrolytes.

TECHNICAL DATA SHEET

Input voltage	230 V - 50 Hz
Absorbed power	150 VA
User interface/display	7" Wide Screen - 800x480 px
Operation frequency	450 kHz
Maximum transducer power	25 W Resistive - 50 W Capacitive
Type of emission	Continuous/Pulsed
Signal emission control	Voltage and current
Size of device	50x40x20 cm
Weight	15 Kg
Safety class	1 / BF

Accessories

RADIO FREQUENCY

ACCESSORIES - BODY

1. CAPACITIVE HANDPIECE + CAPACITIVE ELECTRODES KIT 80/70/60/50
2. RESISTIVE HANDPIECE

ACCESSORIES - FACE

3. BIPOLAR RESISTIVE HANDPIECE
4. FRACTIONAL RESISTIVE HANDPIECE
5. CAPACITIVE HANDPIECE + CAPACITIVE ELECTRODES KIT 40/30/SMALL
6. MASS-RETURN PLATE FOR CAPACITIVE HANDPIECE
7. PEDAL
